

MOHAMMAD SHADAB

Data Analyst

Mau, Uttar Pradesh, India | +91 9335403346 | [E-Mail](#)

[LinkedIn](#) | [GitHub](#) | [Portfolio Website](#)

SUMMARY

Meta and Microsoft-certified Data Analyst with hands-on project experience in Excel, SQL, Python, and Power BI. Skilled at cleaning messy datasets, building interactive dashboards, and turning raw data into clear, actionable insights. Looking for an entry-level Data Analyst role to apply strong analytical thinking and attention to detail.

CERTIFICATIONS

- Meta Data Analyst Professional Certificate — Coursera [Certificate](#)
- Microsoft Power BI Data Analyst – Advanced Visual Analytics [Certificate](#)
- Microsoft Excel (Advanced), with Copilot AI integration [Certificate](#)

TECHNICAL SKILLS

- **Excel:** Pivot Tables, VLOOKUP/XLOOKUP, Data Modeling, Copilot AI Features
- **Power BI:** Dashboard design, DAX measures, data visualization
- **SQL:** Data Querying and Extraction
- **Python:** Data Cleaning and Analysis using Pandas, NumPy, Matplotlib, Seaborn
- **Data Visualization & Storytelling:** Charts, Dashboards, and Reports for Non-Technical Audiences
- **Tools:** Jupyter Notebook, Git & GitHub, Tally(Basic Accounting), MS Word/Power Point/Access
- **Statistical Analysis:** Descriptive statistics, trend & correlation analysis

PROJECTS

Employee Performance & Productivity Analytics | *Python (Pandas, NumPy, Matplotlib, Seaborn), Power BI (DAX, EDA, Visualisation)*

Project Link: [Project2](#)

- Analyzed a workforce dataset of 100,000 employee records across 9 departments (2014–2024) with Pandas and NumPy — cleaned and standardized 15+ fields (job title, education, gender, salary, performance & satisfaction scores, attrition flag) into an analysis-ready format.
- Built 15+ HR KPIs and segment aggregates — avg monthly salary (\$6,403), attrition (10.01%; 10,010 resignations), avg performance (3.00/5), tenure (4.48 yrs) and training hours (49.51) — across department, education, gender, job title and remote-work segments.
- Created 21 Matplotlib/Seaborn visualizations (salary by role/education/gender, attrition by department & remote frequency, performance and satisfaction distributions, correlation heatmaps) and a 4-tab interactive Power BI dashboard with DAX measures for non-technical stakeholders.
- Quantified a **72% job-title pay gap** (\$7,799 Engineers/Managers vs \$4,545 Technicians) vs ~0.5% education and ~0.2% gender gaps, proved satisfaction did not predict attrition (stayed 3.00 vs resigned 2.99), and isolated Performance ↔ Salary as the only strong correlation ($r = 0.51$); delivered 6 retention and compensation recommendations.

E-Commerce Retail Sales & Customer Behavior Analysis | *Python (Pandas, NumPy, Matplotlib, Seaborn)*

Project Link: [Project1](#)

- Cleaned and standardized a raw dataset of 12,180 e-commerce transactions using Pandas and NumPy — handled missing values, removed 180 duplicate orders, and unified inconsistent categorical fields (country names, payment methods) into consistent formats.
- Engineered calculated fields (Sales Amount, Total Amount) and built 10+ business KPIs, including Total Revenue (\$1.39M), Average Order Value, Delivery Rate (54.82%), and Repeat Customer Rate (88.47%).
- Built visualizations (sales trend lines, category & country revenue charts, payment method breakdown, correlation heatmap) with Matplotlib and Seaborn to uncover revenue drivers and seasonal demand patterns.
- Identified a strong positive correlation (0.73) between unit price and revenue, and packaged findings into an executive summary presentation with data-driven business recommendations.

Corporate KPI Dashboard | *Power BI(DAX, EDA, ETL, Data Visualisation)*

- Built a multi-page Power BI dashboard to track sales and regional performance metrics with interactive filters.
- Wrote custom DAX measures so KPIs update dynamically based on user-selected filters.
- Designed the layout for quick, at-a-glance interpretation by non-technical stakeholders.

EDUCATION

Bachelor of Arts (B.A.) — Shibli National PG College, Azamgarh, Uttar Pradesh (2021 – 2024)

Intermediate (Class XII) — Muslim Inter College, Mau, Uttar Pradesh (2021)

High School (Class X) — Muslim Inter College, Mau, Uttar Pradesh (2019)

LANGUAGES

English, Hindi
